## Discussion Paper on measures for increasing the possibility of resolution, value of Resolution Plan and enabling timely resolution

- The Insolvency and Bankruptcy Board of India (IBBIH) vide Discussion Paper (Paper) dated June 07, 2023 proposed measures for increasing the possibility of resolution, value of Resolution Plan and enabling timely resolution.
- The Paper deals with two major criticisms of the resolution process under the Insolvency and Bankruptcy Code, 2016 (IBC): the resolution of fewer companies with lesser value realization; and the time taken for resolution being longer than the time prescribed under the law.
- The salient amendments that have been proposed thereunder are:
  - Timeline for providing information for assignment of debt: Regulation 28 of Insolvency and Bankruptcy Board of India (Insolvency Resolution Process for Corporate Persons) Regulations, 2016 (CIRP Regulations) provides the relevant procedure. Under Regulation 28(1), if a creditor decides to assign or transfer debt, both the original creditor and the transferee are required to inform the Interim Resolution Professional (IRP) or the Resolution Professional (RP) of the Corporate Debtor (CD). The proposed amendment in Regulation 28(1) is the prescribed timeline of 7 days from assignment.
  - Seeking information from personnel of the Corporate Debtor: Regulation 4(2) of the CIRP Regulations stipulates that the personnel of the CD are to provide information as sought by the IRP or RP. The proposed amendment, by inserting Regulation 3A to the CIRP Regulations, mandates the personnel of the CD to hand over the assets as per the balance sheet or in any other record referred in Section 18 (1)(f).
  - Modification of timelines for submission and consolidation of claims: Regulation 12 of the CIRP Regulations provides a framework for submission and proof of claims by creditors in terms of which creditors are to submit claims on or before the last date mentioned in the public announcement, failing which, by the 90th day from the insolvency commencement date. The proposed amendment in Regulation 12(2) is in case a creditor fails to submit the claim within the stipulated time period, the claim may be submitted not later than the date of issuance of request for Resolution Plans under Regulation 36B or 90 days from insolvency commencement date, whichever is later. In the event claims are received after the specified period, the IRP or RP must verify all claims and categorize them as acceptable or non-acceptable. The categorized claims will then be submitted in an application to the NCLT on behalf of the creditors. This application shall be presented in two parts- one containing claims that are acceptable for condonation of delay and another containing claim deemed unacceptable by the RP. In Regulation 13, sub-Regulation 2C is inserted mandating the IRP or RP to provide reasons for the rejection of any claim or deeming a claim as unacceptable.
  - Increase of duties of Authorized Representatives: Section 25A of the Code outlines the rights and obligations of the Authorized Representatives (ARs) of Financial Creditors (FCs).

While acting as an intermediary between CoC and the CD, the AR is responsible for ensuring that the CoC fulfils all its obligations and protecting the interest of the FCs. Regulation 16A of the CIRP Regulations is to be amended by the insertion of Sub-Regulations for increase in duties of ARs. These include assisting the creditors in understanding the discussions of CoC, review contents of minutes prepared by RP, work collaboratively with CoC, maintain communication with RP, regularly update creditors of the CIRP progress, represent creditors in interactions with NCLT, NCLAT and other regulatory authorities, assist in modification of the Resolution Plan, record proceedings and prepare minutes of meetings with creditors, and lastly allowing creditors to propose any additional responsibilities upon the AR.

- Increase of fee of Authorized Representative: Section 21(6B)(ii) of the IBC provides the
  renumeration payable to the AR. Regulation 16A(8) of CIRP Regulations specifies the
  entitlement of ARs to receive fees for attending every CoC meeting. The proposed
  amendment seeks to replace Regulation 16A(8), to increase the fee of the AR with the
  increased duties.
- Replacement of Authorized Representative: Section 21(6A) (b) of the Code read with Regulation 16A(1) of the CIRP Regulations provides the mechanism of appointing an AR for the FCs. However, there is no provision for replacement of an AR after his appointment by the NCLT. The proposed amendment to Regulation 16A provides that the creditors in a class with 10% voting powers may seek replacement of the AR by making a request to the RP and may choose to give a choice of IP who shall act as an AR in the matter. The RP will then offer a choice of three IPs to act as AR including the IPs suggested if any by such creditors in class. This replacement will then be confirmed by the NCLT.
- Inclusion of relevant minutes in Form H: Regulation 39(4) of the CIRP Regulations mandates the RP to submit the Resolution Plan approved by the CoC to the NCLT along with the compliance certificate in Form H. It is proposed to amend Schedule I of the Regulations pertaining to Form H to include the relevant CoC minutes pertaining to the discussions and decisions of the CoC about the Resolution Plan to provide transparency and context to the resolution process.
- Addressing the aspect of limitation in application for initiation of insolvency resolution proceedings: Regulations 2A to 2C of the CIRP Regulations lay down the procedure and the requirements for the submission of records or evidence of default by financial and operational creditors. The current Regulations, however, do not provide an account for the aspect of limitation. It is proposed to insert a new Regulation 2D in the Principal Regulations wherein along with the application under Section 7 or 9 of the IBC, the Financial Creditor or the Operational Creditor shall also submit an affidavit, providing a detailed chronology of the debt and default and explaining why the application is not barred by limitation. Further, the affidavit should detail the date when the debt become due, any subsequent acknowledgements of debt and the period of limitation applicable to the debt.
- Favorable voting on more than one Resolution Plan: Section 30(3) of the Code envisages that the RP shall present to the CoC for its approval such Resolution Plans which conform with the conditions under Section 30(2) of the code. Further Section 30(4) of the code provides for CoC to approve a Resolution Plan by a vote not less than sixty-six percent of the voting share of the FC. Regulation 39(3) of CIRP Regulations provides that when more than one Resolution Plans are available, all plans are put to vote simultaneously with the plan that receives the highest affirmative votes subject to receiving the requisite 66% is regarded to be approved by the CoC. In an event when two or more Resolution Plans securing equal number of votes, the committee approves any one of them as per tie-breaker formula announced before voting. However, the current voting framework does not offer a system for creditors to elicit their preferences on these plans. It is proposed to use a system of voting with preference which shall be substituted in Regulation 39(3B) providing that when two or more Resolution Plans are put to vote simultaneously, the plan which receives the highest vote as per single transferrable vote, but not less than requisite votes, shall be considered approved.
- Changes in timelines: Under Regulation 36(1) & 36A(10), RP should submit the information memorandum to the CoC by T+95 days and issue a provisional list of prospective resolution applicants by T+85 days. However, an apparent typographical error requires the RP to issue the relevant documents to prospective applicants by T+105 days, preceding submission to CoC. Regulation 40A is proposed be amended to include correcting the timeline to T+90 days, reducing the IM submission to T+80 days, and changing the Resolution Plan receipt to 45 days, keeping the total timeline at T+135 days.
- Audit Requirement for Insolvency Resolution Process Cost (IRPC) in certain CIRPs: IRPC as
  defined under Section 5(13) of the Code comprises of various costs including costs
  specified under Regulation 31 of the CIRP Regulations. Given the substantial implications

- of these costs in larger CIRPs, the proper management and verification of IRPC is paramount for maintaining transparency and accountability.
- It is proposed to introduce an audit requirement for CIRPs involving CDs of a certain asset size within the CIRP Regulations. The expenses incurred towards the audit of IRPC shall be included as part of the IRPC. The RP shall ensure that the audit cost is appropriately budgeted and included in the overall IRPC. It is also proposed that the RP shall get the audit of IRPC conducted after finalization of the cost for the Financial Year. The audit of IRPC shall be conducted by a Chartered Accountant who is recognized as an Insolvency Professional.

#### Actioncor Consultants Pvt Ltd v. Viprah Technologies Ltd

National Company Law Appellate Tribunal, Chennai | Judgment dated June 01, 2023 | T.A. No. 190/2021 in Company Appeal (AT) (Insolvency) No. 916/2019

#### **Background facts**

- This appeal is preferred under Section 61 of the Insolvency and Bankruptcy Code, 2016 (IBC) by Actioncor Consultants Pvt Ltd (Appellant). The Respondent, Viprah Technologies Ltd is the Corporate Debtor
- Around 2010, when the Respondent Company was registered as a sick industrial company with BIFR, one Mr. Subramanian, a director of the Respondent Company, approached Mr. KKM for a loan of INR 1.24 crore to pay off the debt of the Secured Creditors of the Respondent Company and deregister it from BIFR.
- Numerous emails were exchanged between the parties and the intention of the parties was such that a loan would be provided by the Appellant for the revival of the Respondent Company.
- On July 12, 2010, an Investment Agreement was entered into between Mr. KKM and Mr.
   Subramanian and Mrs. Sujatha Ananth as the Director and Managing Director of the Respondent Company, whereby, the Appellant agreed to disburse INR 1.40 crore.
- On September 29, 2010, BFI Factoring Services Ltd confirmed the receipt of the cheque for a sum of INR 65 lakh as full and final settlement of the dues owed by the Respondent Company to ARCIL. However, the Respondent Company continued to be registered under BIFR until it was abolished on December 01, 2016.
- The Respondent Company failed to repay the loan and allegedly committed a default, in spite of a demand notice dated December 05, 2017 demanding the payment of INR 1.40 crore along with interest. Consequently, the Appellant filed a Section 7 Application against the Respondent Company.
- The NCLT, Chennai Bench dismissed the Section 7 Application, holding that there was no repayment obligation on the Respondent Company, as the loan was taken by Mr. Subramanian and Mrs. Sujatha and thus, there was no 'promise to pay' on account of the Respondent Company. Aggrieved by this decision, the Appellant preferred the present Appeal before the NCLAT.

#### Issue at hand?

Whether the amount lent by the Appellant to Mr. Subramanian and his wife Mrs. Sujatha representing the Corporate Debtor Company, can be construed as 'financial debt' as defined under Section 5 (8) of the Code?

#### Viewpoint

In this case, the National Company Law Tribunal (NCLT) reaffirmed the principle that for a transaction to be classified as a 'financial debt' under the Insolvency and Bankruptcy Code, there must be a direct disbursal of the amount owed from the Financial Creditor to the Corporate Debtor. The NCLT clarified that the transaction should involve a direct relationship between the Financial Creditor and the Corporate Debtor, and any amounts taken by Directors in their personal capacity, even if used for business purposes, would not fall within the definition of 'financial debt' This reaffirmation underscores the importance of establishing a direct transaction between the parties involved to classify a loan as a financial debt under the Code.

#### **Decision of the Tribunal**

- Upholding the decision of NCLT, Chennai Bench, the NCLAT held that the amount is not a
   'financial debt' as there is no evidence on record to establish that the amount was directly lent
   to the Respondent Company.
- The NCLAT observed that the Apex Court in <u>Anuj Jain Interim Resolution Professional for Jaypee Infratech Ltd v. Axis Bank Ltd & Ors</u>¹ has clearly defined the ingredients of a `financial debt' as defined under Section 5(8) of the Code and observed that there should be a direct disbursal of the amount owed, Financial Creditor to the Corporate Debtor for the amount to be construed as a 'financial debt'. The transaction should be a direct transaction between the Financial Creditor and the Corporate Debtor.
- This Tribunal thus held that amounts taken by their Directors in their personal capacity, though
  used for the business purposes of the company, will not fall within the ambit of the definition of
  'financial debt' as defined under Section 5(8) of the Code.
- Therefore, the e-mails relied upon by the Appellant are of no significance.

#### Mukesh Kumar v. Ambrane India Pvt Ltd

National Company Law Appellate Tribunal, Principal Bench, New Delhi | Order dated July 05, 2023 | Company Appeal (AT) (Ins) No. 659/2022

#### **Background facts**

- A company, Ambrane India Pvt Ltd (Financial Creditor), lent a sum of INR 1.01 crore to MP Promoters Pvt Ltd, the Corporate Debtor. The loan was to be repaid on or before March 31, 2018.
- As the Corporate Debtor failed to repay the loan by the stipulated date, the Financial Creditor filed a petition under Section 7 of the IBC before the NCLT, New Delhi, which was admitted by the NCLT, thus, initiating the CIRP in respect of the Corporate Debtor.
- Aggrieved by the said admission Order, the present Appeal was preferred on the ground that
  there was no written agreement regarding the loan and as such there was no financial debt and
  the application was liable to be out rightly rejected. He contended that the amount was
  advanced for an investment.

#### Issues at hand?

- Whether in the absence of a written agreement regarding claim of sanctioning loan to the Corporate Debtor can there be a financial debt?
- Whether on the perusal of the balance sheet of the Corporate Debtor the money advanced was taken against property?

#### **Decision of the Tribunal**

- The NCLAT, after perusal of the material available on record, was of the opinion that the Order
  of the NCLT is correct and the same does not require any interference.
- The Appellate Tribunal observed that while there was no direct agreement for the sanction of a loan between the Appellant and the Respondent Company, however, there were numerous circumstances which showed that Financial Creditor had been approached by the Directors of the Respondent Company and the loan was given to the Corporate Debtor.
- NCLAT relied on the Board Resolution of the Financial Creditor which made clear that the intercorporate loan under Section 186 of the Companies Act, 2013 was granted to the Corporate Debtor and it also contained repayment date along with interest.
- The Tribunal opined that the reliance placed on the balance sheet of the Corporate Debtor that it was an advance against the property is liable for rejection only as no inference could be drawn that INR 1,01,00,000 was taken as advance against one property and not loan. It held that the balance sheet of the Corporate Debtor on record reflected the loan amount and also the interest amount.
- Examining the language of Section 7 of the IBC closely, the NCLAT also held that only if the NCLT is rejecting an application under Section 7, detailed reasons are required to be assigned. It thus inferred that if an application fulfils the criteria of Section 7 and the NCLT therefore decides to admit the same, there is no requirement for assigning detailed reasons.

## Viewpoint

The NCLAT upheld the provision of IBC which says that for admission of an application there has to be an existence of debt and default and if any application meets such requirement it has to be admitted by the Adjudicating Authority and for any rejection reason has to be assigned. The NCLAT followed the provisions of the IBC in letter and spirit which says that admission of an application is the rule and rejection is an exception.

<sup>&</sup>lt;sup>1</sup> Civil Appeal Nos. 8512-8527 of 2019

#### Dr Ravi Shankar Vedam v. Tiffins Barytes Asbestos and Paints Ltd

National Company Law Appellate Tribunal, Chennai | Order dated June 13, 2023 | T.A. (AT) No. 134/2021 Company Appeal (AT) (Insolvency) No. 653/2019

#### **Background facts**

- The present appeals have been filed under Section 61 of the Insolvency and Bankruptcy Code, 2016 against the orders passed by the National Company Law Tribunal, Chennai in MA/179/2019 and MA/120/2019 in CP/39/IB/2018.
- The Appellant sought various reliefs, including a forensic audit of the books of accounts of the Corporate Debtor and a restraint on approving the Resolution Plan until the disposal of the application. The Adjudicating Authority dismissed both applications.
- The Adjudicating Authority noted that MA/179/2019 was filed by the Resolution Professional seeking the approval of the Resolution Plan, and the plan was approved on June 12, 2019, with Embassy Property Developments Pvt Ltd being voted as the successful resolution applicant.
- The objections raised by the Appellant included allegations of violation of principles of natural
  justice, invalid constitution of the committee of creditors, and the need for a forensic audit of
  transactions related to the Corporate Debtor.
- As both appeals dealt with common facts and issues, they were disposed of by a common order.

#### Issue at hand?

Whether a shareholder of the Corporate Debtor has the locus standi to challenge the Resolution Plan?

#### **Decision of the Tribunal**

- The NCLAT emphasized on the scheme of the IBC relying on the difference between the CIRP and the Liquidation process and how the interests of the shareholders differ majorly in the two. While in liquidation, shareholders have the right to file a claim and participate in the Stakeholders committee, during the CIRP, shareholders of the Corporate Debtor are excluded from representation, participation or voting.
- Reading the Explanation to Section 30(2) of the IBC purposively, the NCLAT held that in terms of the said Explanation, shareholders of the Corporate Debtor are deemed to have given their approval to the Resolution Plan.
- The NCLAT also focused on the Creditor-in-Control model of our insolvency system, as opposed
  to Debtor-in-Possession and emphasizes that during the CIRP of a Corporate Debtor, no action or
  claim taken by any shareholder of the Corporate Debtor would be maintainable.
- The Appellate Tribunal opined that conferring the right to challenge a Resolution Plan upon shareholders of the Corporate Debtor would be contrary to the foundational principles of the IBC.
- Observing thus, in view of the facts and circumstances, the NCLAT upheld the decision of the NCLT approving the Resolution Plan and dismissed the present Appeals.

## Edelweiss Asset Reconstruction Company Ltd v. Mr. Anuj Jain, RP of Ballarpur Industries Ltd

National Company Law Appellate Tribunal, New Delhi | Judgment dated July 04, 2023 | Company Appeal (AT) (Insolvency) No. 517 & 518 of 2023

#### **Background facts**

- Yes Bank Ltd provided term loans to BILT Graphic Paper Products Ltd (BGPPL) on two occasions in 2015 and 2016.
- To secure these loans, Ballarpur Industries Ltd, the Corporate Debtor mortgaged its immovable property in Choudwar, Orissa in favor of Yes Bank. Additionally, a Corporate Guarantee was executed by the Corporate Debtor to secure one of the term loans. The debt and securities related to BGPPL were later assigned to Edelweiss Asset Reconstruction Company Ltd (EARCL).
- Subsequently, Corporate Insolvency Resolution Process (CIRP) was initiated against the
  Corporate Debtor. The Appellant, EARCL, filed a claim as a secured Financial Creditor, but the
  claim was rejected by the Resolution Professional, citing the absence of any default by BGPPL.
  Appellant did not challenge this rejection, or the nominal value of INR 1 allotted to their claim.
- A Resolution Plan submitted by Finquest Financial Solutions Pvt Ltd was approved by the CoC of the Corporate Debtor on April 14, 2022 with 88% voting share. The plan included the sale of land, and the proceeds were be provided to the Financial Creditors, who are members of the CoC of the Corporate Debtor.

#### Viewpoint

The NCLAT in upholding the approval of the Resolution Plan and disallowing a shareholder of the Corporate Debtor from raising objections to the Plan has ruled in adherence to the scheme of the IBC, the principles upon which it is based and the Creditor-in-Control approach of the IBC. In ensuring that no shareholder in the Corporate Debtor attempts to frivolously thwart the process of the successful resolution of the Corporate Debtor, the NCLAT has decided to keep such objections out of its door.

- The Appellant, who held a secured interest in the land and had previously filed a claim during the CIRP saw that its claim was admitted under the category of Other Creditors with a nominal value of INR 1.
- Consequently, the Appellant filed an application seeking the rejection of the revised Resolution Plan submitted by Finguest Financial Solutions Pvt Ltd, along with other prayers.
- The Adjudicating Authority rejected the IA filed by the Appellant and, on the same date, approved the Resolution Plan. Dissatisfied with both of these orders, the Appellant filed the present Appeals.

#### Issues at hand?

- Whether a Resolution Plan can include assets of the Corporate Debtor secured in favour of third parties?
- Whether the consent of such creditors is required before the approval of such a Resolution Plan?

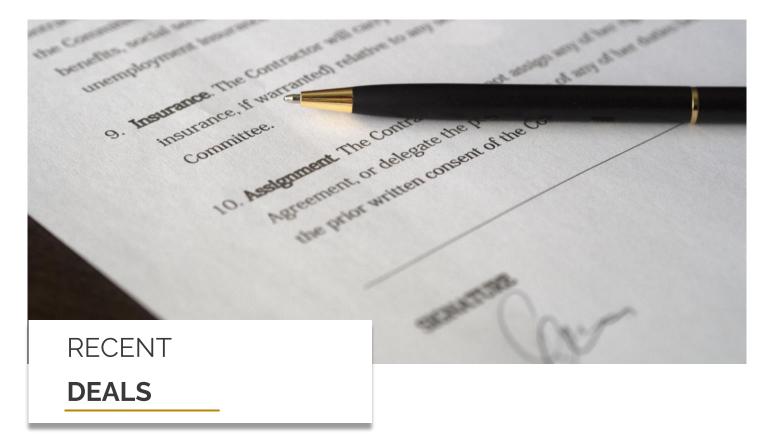

#### **Decision of the Tribunal**

- The NCLAT upheld the decision of the NCLT and dismissed the present Appeals, holding that a third-party security holder like the Appellant is equally bound by the provision of moratorium in terms of Section 14(1)(c) of the IBC and cannot claim any enforcement of security interest in the CIRP of the Corporate Debtor.
- Relying on the decision of the Supreme Court in <u>Committee of Creditors of Essar Steel India Ltd v. Satish Kumar Gupta & Ors<sup>2</sup></u>, the NCLAT reiterated the position of law that Sections 52 and 53 of the IBC cannot be made applicable during the CIRP and the same finds application only during liquidation.
- The NCLAT placed reliance on Regulation 37 of the CIRP Regulations which provides that the Resolution Plan can provide for the sale of all or part of the assets whether subject to any security interest or not. The latter part of the Regulation makes it clear that the assets of the Corporate Debtor, irrespective of any third-party creditors' security interest, can be dealt with, modified or satisfied in the Resolution Plan.
- The NCLAT observed that in the present case, the security interest of the Appellant formed part of the CIRP of the Corporate Debtor since the date of the Appellant's filing of the claim, i.e., February 05, 2020 and the acceptance of the Appellant in the category of Other Creditor, which was never challenged by the Appellant.
- Holding thus, the NCLAT dismissed the Appeals, stating the same to be lacking in merit. The NCLAT upheld the decision of the NCLT ruling that no prior consent of the Appellant was required before including the assets of the Corporate Debtor in the Resolution Plan.

#### Viewpoint

The decision of the NCLAT highlights the supremacy of the commercial wisdom of the CoC, even in cases where it leads to the extinguishment of a creditor's security interest. This makes the distinction between the treatment of security interest in CIRP and liquidation stronger and even more pronounced. However, the law on this is far from settled, and is likely to be finally settled by the Supreme Court.

  <u>Bank</u><sup>3</sup> and <u>Committee of Creditors of Essar Steel India Ltd v. Satish Kumar Gupta & Ors</u><sup>4</sup>, the NCLT, Mumbai Bench observed that the power of judicial review conferred on the Adjudicating Authority under Sections 30(2) and 31 of the IBC is limited and it does not extend to modifying the Resolution Plan which the CoC, in their commercial wisdom, have approved.
- In view of the abovementioned observations, the NCLT, Mumbai Bench held that the Resolution Plan is in accordance with Sections 30(2)(a) to 30(2)(f) of the IBC and Regulations 38(1), 38(1)(a), 38(2)(a), 38(2)(b), 38(2)(c) & 38(3) of the IBBI (Insolvency Resolution Process for Corporate Persons) Regulations, 2016, and pronounced the Resolution Plan as approved.

#### **Resolution of Three C Homes Pvt Ltd**

- The NCLT, New Delhi, vide order dated June 13, 2023 approved the Resolution Plan submitted by Ace Infracity Developers Pvt Ltd in the CIRP of Three C Homes Pvt Ltd, the Corporate Debtor.
- Vide order dated September 06, 2019, the NCLT admitted the Company Petition bearing IB-432(ND)/2019 filed by Mr. Arun Kumar Sinha, the Financial Creditor, and initiated the CIRP in respect of the Corporate Debtor, thereby appointing Mr. Gaurav Katiyar as an Interim Resolution Professional (IRP). Pursuant thereto, the IRP invited claims from the creditors of the Corporate Debtor. The IRP constituted the CoC on January 09, 2020 and the CoC, in its first meeting, approved the appointment of the IRP as the Resolution Professional (RP) of the Corporate Debtor, which was confirmed on February 10, 2020.
- The invitation for Expression of Interest (EoI) in Form-G was published on March 03, 2020 in Financial Express and Jansatta. - Relying on the judgment of the Supreme Court in <u>Vallal RCK v. Siva Industries and Holdings Ltd</u> <u>& Ors</u><sup>5</sup>, the NCLT, New Delhi Bench observed that the commercial wisdom of the CoC is paramount and the same cannot be evaluated or analyzed by the Adjudicating Authority.
- In view of the above observation, the NCLT held that the Resolution Plan is in accordance with Sections 30 and 31 of the IBC and Regulations 38 and 39 of the IBBI (Insolvency Resolution Process for Corporate Persons) Regulations, 2016, and pronounced the Resolution Plan as approved.

#### **Resolution of Indu Projects Ltd**

In the 11th CoC meeting of the Corporate Debtor, a plan submitted by Shyamraju & Company was approved by the CoC and declared as the highest bidder. However, as the plan could not receive the requisite 66% vote from the CoC, the plan was deemed to be rejected.
- Consequently, the Applicant, i.e., Resolution Professional of the Corporate Debtor filed an application for liquidation under Section 33 of the IBC. However, the proceeding was stayed due to Covid-19 Pandemic. Finally, when a fresh CIRP procedure was conducted, and the plan submitted by Earthin Projects Ltd in consortium with K Ramachandra Rao was approved with 100% majority. The plan also received the NCLTs nod. However, due to failure of the Resolution Applicant to fulfil the conditions under the plan, the CIRP was conducted afresh yet another time. During the said CIRP, 8 EoIs were received, and the plan submitted by B. Subba Reddy in consortium with C. Venkateswara Reddy, was approved after due deliberations, by 100% voting.
- A perusal of the Resolution Plan shows that the plan provides for the total settlement amount of INR 501 crore. Under the plan, an amount of INR 5.99 crore is to be paid towards the dues of the Operational Creditors. Further, an amount of INR 394 crore is to be paid towards the dues of Financial Creditors.
- The Resolution Plan proposes INR 1 crore as CIRP cost and INR 18.43 lakh towards payment of
  government dues. In accordance with the timeline stipulated in the Plan, the implementation of
  the Plan is to be complete within 90 days from the date of the approval of the Plan by the NCLT.
- After the approval of the Plan by the CoC, the Resolution Professional issued a Letter of Intent dated February 04, 2023 to the consortium and the consortium furnished a performance bank guarantee of INR 29.4 crore dated February 09, 2023 along with a INR 10 crore of earnest money deposit, thus totaling INR 39.4 crore.
- Relying on the judgment of the Supreme Court in K Shashidhar v. Indian Overseas Bank (supra), Committee of Creditors of Essar Steel India Ltd v. Satish Kumar Gupta & Ors (supra) and Vallal RCK v. Siva Industries and Holdings Ltd & Ors (supra), the NCLT, Hyderabad Bench observed that the commercial wisdom of the CoC is paramount and the same cannot be evaluated or analyzed by the Adjudicating Authority.
- In view of the above facts and circumstances, the NCLT, Hyderabad bench pronounced the Resolution Plan as approved and directed the RP to supervise the implementation of the Resolution Plan and file status of its implementation before the Authority from time to time.
